

Laboratory Waste Fluid Collection System

I. APPLICATIONS

1. Professional design enables the safe disposal of chemicals
2. Anti-static, no danger caused by the static electricity
3. Superior sealing performance, super efficient filter
4. Accessories can be customized
5. Optional safety tray, lockable inside, leaking alarm

II. FEATURES

Funnel-type waste fluid collection device includes: one 20L waste fluid container with inner film, one inner cover, one outer cover, one funnel with a cover, one PTFE stop valve, one liquid level alarm, one set of efficient filter connector, and one Inorganic/ organic chemical material filter.

- Filmed inner wall
- Connection type: Can be connected with fluid instruments of various brands
- Funnel type: Equipped with the valve funnel
- High sealing performance
- Equipped with super efficient filter with connector
- Optional: Liquid level alarm

III. Product Specifications

Volume	Material	Dimensions (L*W*H) mm	Color	Funnel' s Material	Outer Diameter of Funnel (mm)	Funnel' s Volume (ml)
20L	HDPE	272*272*400	Clear	PE-HD	150	600
20L	HDPE	400*270*300	Clear	PE-HD	150	600

1. Customized service. 10L, 20L and 60L containers, laboratory intelligent management system, carts, and safety trays are available upon request.
2. 5 types of filters are available, which are organic gas high-efficiency filter, inorganic gas high-efficiency filter, acid gas high-efficiency filter, ammonia and methylamine filter and multi-purpose high-efficiency filter, and high-efficiency filter.

IV. Product Specifications

ITEM	DESCRIPTION	PCS PER CASE
05-2721	Funnel-type waste fluid collection device-super efficient, One 20L waste fluid container with inner film, one inner cover, one outer cover, one funnel with a cover, one set of efficient filter connector, one Inorganic or organic chemical material filter	1
05-2791	Super efficient filter, Inorganic chemical material filter	1
05-2792	Super efficient filter, Organic chemical material filter	1
05-2793	Liquid lever alarm, Contact liquid lever alarm	1
05-2797	Liquid carrying cart (standard), Adjustable size; one cart and tray	1
05-2798	Liquid carrying cart (intelligent), Adjustable size; one cart and tray; equipped with intelligent module	1
